

Neighbourhood Planning

Neighbourhood Planning is a way for the community to say what is needed in the local area, and is led by Parish Councils.

It is a bottom-up process, not a top-down one where landowners and developers dictate what will happen.

Please come to an open consultation event at either

Lound Village Hall or Somerleyton Village Hall

on **Sunday 13th November**

any time between **10.00am and 4.00pm** and give us your views on local issues. In particular we would like to know whether you think we need any more houses in the villages, and if so where they should be built.
