

IT'S TIME TO HAVE YOUR SAY!

**LOUND, ASHBY, HERRINGFLEET AND
SOMERLEYTON NEIGHBOURHOOD PLAN**

At the beginning of September all homes in the four parishes will receive a copy of the Neighbourhood Plan Questionnaire. This questionnaire has been developed on the basis of responses received at the community consultation that was held in Somerleyton and Lound village halls in November last.

At the consultation day issues and responses from the community indicated how the residents would like to see their community develop.

The questionnaire allows residents to comment on the Waveney Local Plan which concerns housing development in Somerleyton and Lound villages. The plan, which considers development up to 2036, has now been published and proposes two sites in Somerleyton and one in Lound for housing. Residents will also be able to comment on other sites in the four parishes and a range of local matters including our local heritage, community facilities and the environment.

It is extremely important that residents comment on the density, scale, type and design of the development, as this will form part of the Design Brief for the Somerleyton sites.

The questionnaire may be completed online or by hand. It will be collected by one of our volunteers. The questionnaire should take no more than 15 minutes of your time but your responses could have an impact for many years to come.
